

**TCARC 2 METER NET, WEDNESDAYS 19:30 LOCAL TIME
SAMPLE SCRIPT**

QST...QST..QST...Calling all radio amateurs.

This is _____(your call sign) _____(your name) located in (town) acting as net control for this session of the Trinity County Amateur Radio Club net. This net meets each Wednesday at 19:30 hours on the repeater output frequency 146.73 megahertz located on Hayfork Bally, with back up repeaters of 146.88 on Brown's Mountain and 146.925 on Bully Choop Mountain.

(unkey microphone and pause 5 seconds)

The purpose of this net is to keep members updated on items of interest to the group, and for further dissemination of information relating to the club and its goals. It is also our weekly ARES net. This is a directed net, and all stations are requested to check in with net control prior to conducting any traffic.

Is there any emergency or priority traffic at this time? *(listen for replies)*

(if no traffic) **Hearing none, net control will now take member check-ins in alphabetical order, according to the suffix of your call sign. *(keep log of check-ins)***

**All stations with the suffix A to F (Alpha through Foxtrot) please check in now.
All stations with the suffix G to L (Golf through Lima) please check in now.
All stations with the suffix M to R (Mike through Romeo) please check in now.
All stations with the suffix S to Z (Sierra through Zulu) please check in now.**

Are there any late or missed member check-ins? Check in now.

Are there any guest check-ins? Check in now.

(Refer to log, and call on each station in order of check-in for traffic or news. After last station, put out another call for late or missed, and ask if there is any further traffic. When there is no further traffic:)

Hearing no further news or announcements,

this is _____(your call sign) _____(your name) closing the Trinity County Amateur Radio Club net at _____ hours. The frequency is now clear.
